----------	-------------	----------	--

We don't forget:

In the Blue Recycle Bin we dispose all the **PACKAGING** meaning: aluminium, tin-plate, plastic, glass and paper.

1. We **devide** daily the packaging materials from the rest
2. We **empty** completely the packaging
3. We **fold** the cardboard.
4. We **don't throw** in the bin the materials in a plastic bag, but as they are.
5. **We never throw away** the common garbage in the blue Recycle Bins.
6. We are **passing** on the message of recycle to our friends and family.
